Warranty	Limited 3-year, 1-year and 90-day warranty options available depending on country, 1-year limited warranty on primary battery	

Footnote
1. Certain Windows Vista product features require advanced or additional hardware. See www.microsoft.com/windowsvista/getready/hardwarereq.aspx and www.microsoft.com/windowsvista/getready/capable.aspx for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor.
2. Dual Core is a new technology designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information.
3. Do not copy copy-right protected materials. Intended for creation and storage of your original material and other lawful uses. Double Layer discs can store more data than single layer discs. Double-layer discs burned with this drive may not be compatible with many existing single-layer DVD drives and players. LightScribe creates a monochrome image. LightScribe media required and sold separately. Note that DVD-RAM cannot read or write to 2.6 GB Single Sided/5.2 GB Double Sided – Version 1.0 media. Wireless access point required and is not included. Availability of public wireless access points limited Wireless, internet, and VoIP require separately purchased service contract.
4. Wireless access point required and is not included. Availability of public wireless access points limited. Wireless internet use require separately purchased service contract.
5. The specifications for the 802.11n WLAN are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the notebook to communicate with other 802.11n WLAN devices.
6. For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 8 GB (for XP) and 10 GB (for Vista) of system disk is reserved for the system recovery software.
7. The term "10/100/1000" or "Gigabit" Ethernet indicates compliance with IEEE standard 802.3ab for Gigabit Ethernet, and does not connote actual operating speed of 1 GB/sec. For high speed transmission, connection to a Gigabit Ethernet server and network infrastructure is required.
8. HP Fast Charge technology recharges your battery up to 90% within 90 minutes when the system is off.
9. Sold separately or purchased as an optional feature.
10. Requires Internet access and VoIP service contracts.
11. 60 day trial period. Internet access required to receive updates. First update included. Subscription required for updates thereafter. This McAfee Total Protection for Small Business software is licensed to you by McAfee under the terms of the McAfee end user license agreement which can be read at www.mcafee.com.
12. As BluRay is a new format containing new technologies, certain disc, digital connection, compatibility and/or performance issues may arise, and do not constitute defects in the product. Flawless playback on all systems is not guaranteed. HD-DVD movies cannot be played on this device.
13. Dual Channel is only supported when the system is configured with DDR2 symmetric memory (ie: 2x256).
14. 32-bit operating systems can only address up to 3.2GB. To fully utilise memory configurations of 4GB or more, a 64-bit operating system is required.

HP Universal Nylon Case
Part No: RR315AA

HP recommends Windows Vista® Business.

- Certified HP Memory maximises system performance and creates faster startup times with less delay during routine operations.

- HP 250GB Pocket Media Drive provides convenient access to additional storage through your notebook USB port.

- HP Smart AC power adapters power your notebook and charge the internal battery simultaneously. These adapters provide you with the ability to power your notebook when away from the office or on the road.

- These primary batteries allow you to power your notebook on the go.

- Made from high grade steel and Kevlar brand fibre, you can have peace of mind that your notebook and docking station are safely secured.

- Compact, light and convenient, the ideal USB travel mouse for your notebook.

- The HP Universal Nylon Case is built to the highest standards of design and quality and incorporates high-density foam and cushioning to protect your notebook while traveling. Designed specifically for HP notebooks for optimal protection, it also features easy-access exterior front pockets for mobile accessories.

HP UNIVERSAL ACCESSORIES

HP offers you a comprehensive range of accessories to enhance and enrich your computing experience.
